SUMMARY

As a dedicated Full Stack Developer, I have a strong foundation in both frontend and backend technologies. I have successfully completed a comprehensive web development course on Udemy and have hands-on experience from working on a six-month e-commerce project. Currently, I am further enhancing my skills through an ongoing full stack development course at a reputed institute.

SOFTWARE SKILLS

- HTML
- CSS
- SQL
- JAVA

PERSONAL SKILLS

- PROBLEM SOLVING
- CONSISTENCY
- ADAPTIBILITY

HSC & SSLC

Quaide Millath Higher Secondary School • 2016–2018 • Percentage **78% & 68%**

PROJECT

Hospital Appointment Booking

- The project aims to develop a web-based hospital management system that allows patients to book appointments with doctors, view their medical history, and receive real-time updates.
- The system also enables hospital staff to manage appointments, patient records, and doctor availability efficiently.

Portfolio

- My portfolio highlights projects like an e-commerce platform and a hospital management system, showcasing skills in both front-end and back-end technologies.
- With a strong foundation in web development from Udemy and ongoing coursework, I am continuously expanding my expertise to deliver impactful digital experiences.
